5th Annual IEP Clinic and Resource Fair: “Empowering Parents in the IEP Process”

What Families should know about Facilitated IEP’s
and Mediation

Speaker: Christine Cline

Since 2006, Ms. Cline has worked in the Office for Exceptional Children at the Ohio Department of Education serving at various times as the due process coordinator, a complaint investigator and as the mediation/facilitation coordinator. She currently coordinates the mediation/facilitation program and investigates complaints.

When to request a Facilitated IEP or Mediation?

Facilitated IEP: Ms. Cline will discuss how a Facilitated IEP can benefit families struggling to work collaboratively with their school district.

Mediation: Ms. Cline will provide information on mediation. She will also talk about when a parent or district may want to look at mediation as a means to settle disagreements.

One on One Meeting: Parents will also have the opportunity to meet one on one with a parent mentor or another knowledgeable special education professional for a 15 minute session to discuss IEP related questions. (pre-registration required)

Families have the opportunity to tour the Resource Fair. Vendors will be available to answer questions about the products and services they provide for families.
